HINTON HIGH SCHOOL

FOREWORD

FOUR YEARS HAVE PASSED SINCE THE CLASS OF '24 ENTERED THE HINTON HIGH SCHOOL. AS A FITTING REMEMBRANCE, WE HAVE PUBLISHED THIS ISSUE OF "THE DART." WE OFFER IT TO YOU, NOT AS A WORK OF ART NOR OF GREAT LITERARY MERIT, BUT RATHER ONE WHICH WILL SERVE TO RECALL PAST INCIDENTS, SCENES AND FACES IN HINTON HIGH SCHOOL. IT HAS BEEN OUR AIM TO MAKE THIS BOOK REPRESENTATIVE OF THE SCHOOL AND TO PERPETUATE THE MEMORY OF OUR CLASS. OUR HAPPIEST YEARS ARE SPENT IN SCHOOL AND IF THIS BOOK SERVES ITS PURPOSE, SO THAT THE PAST MAY BE PLEASANTLY RECALLED, THEN OUR WORK WILL NOT HAVE BEEN IN VAIN.

F. H. TOMKIES
SUPERINTENDENT

Hinton High School, 1906; Student Bethany College, 1907-08; Vanderbilt University, 1909-11; B. S. University of Kentucky, 1912; LL. B., 1914; Instructor Hinton High School, 1915-16; Principal Matoaka High School, 1916-17; Lieutenant U. S. Army, 1917-19; Principal Hinton High School, 1919-21; Student Yale, Summer 1923; Superintendent Hinton Schools since 1921.

In the three years Mr. Tomkies has been superintendent, every student has learned to like him immensely. He is a "big sport" and everyone wants him along on hikes, hayrides, picnics and parties. He is interested in every student and spends a great deal of his time in helping us with our problems.

WILLIAM E. ARNOLD
PRINCIPAL

Highlands (Ky.) High School, 1916; University of Cincinnati, 1916-17; A. B. Kentucky Wesleyan College, 1920; Graduate Student Columbia University, 1923; Teacher Wesleyan Academy, Winchester, Ky., 1920-21; High School, Buffalo, Wyoming, 1921-22; Principal Hinton High School since 1922.

Enough cannot be said of our principal, Mr. Arnold. For the two years under his leadership, there has been more progress in H. H. S. than ever before. He is not only a splendid principal but everybody's friend. Here's hoping that we may keep him here for many years to come.

MISS NELL NEEL
HOME ECONOMICS

Union High School, 1916; East Tennessee State Normal, 1919; Special Student Columbia University, 1920; Teacher of Home Economics in the Hinton High School since 1919.

Miss Neel is the senior member of the faculty in the number of years she has been with us. We just couldn't give her up and we hope she will stay on for more years to come.

E. W. TAYLOR
SCIENCE

Hinton High School, 1911; Marshall College, 1912; West Virginia University three and one half years; Teacher in rural and graded schools, 1912-18; Teacher in Hinton High School since 1920.

Mr. Taylor is the versatile member of the faculty for he can teach anything. He has taught practically every subject and taught each one well. He can be stern yet there is not a jollier person anywhere than our own E. W. T.

MISS INDIA KILLIAN
ENGLISH

Salem (Va.) High School, 1911; A. B. Elizabeth College, 1916; Graduate Student West Virginia University, 1921-23; Teacher in the Hinton High School since 1921.

She has been with us three years but her popularity grows day by day, in every way. As Senior English Teacher, she has become the special property of the Senior class.

MISS LULU NOEL
COMMERCIAL

Hinton High School; Dunsmore Business College, 1917-18; Bowling Green Business College (Ky.) 1922; Commercial teacher in Hinton High School since 1921.

Who will ever forget "Miss Lulu?" There is not a student who does not love and admire her for her wonderful disposition. Never cross and always willing to help us in any trouble, she has been rightly named the "High School Comforter."

D. F. COLLINS

HISTORY

Massey Preparatory School (Tenn.) 1908-10; Middle Tennessee State Normal, 1912-16; Peabody College, 1917-18 and Summers 1921-23; Teacher Marshall County, Tenn., 1910-12; Gastonburg, Ala., 1916-17; Portal, Ga., 1918-20; Donalsonville, Ga., 1920-22; Hinton High School since 1922.

History has been an interesting subject in H. H. S. for the past two years. This is all because Mr. Collins has been the teacher. He makes us work but we like to do it for him.

LULU F. WITHROW

ENGLISH

Rochester, Pa. High School 1914-18; B. S. in Economics, University of Pittsburgh, 1922; Honor Student and Scholarship Winner, Rochester High School; Alpha Delta Sigma Fraternity; Basket Ball Team, University of Pittsburgh, 1916-18.

As a coach, the progress of our girls' team under the direction of Miss Withrow will in itself be sufficient witness along that line. Ask any Freshman as to her ability as a teacher and ask any high school student as to her all around qualities.

MRS. RUTH H. ARNOLD

LATIN

Clark High School (Ky.) 1917; Millersburg (Ky.) College, 1917-18; A. B. Kentucky Wesleyan College, 1921; Graduate Student, Columbia University, 1923; Honor Student, Millersburg College, 1918; Teacher of Latin and Girls' Basket Ball Coach, Knoxville, Ill. High School, 1921-22.

Everybody wants to have a class under Mrs. Arnold. She makes her students work but we just don't mind working so much when she teaches. She is a jolly, good sport, as well as a mighty fine teacher.

MISS CARRIE GRAHAM

MATHEMATICS

Hinton High School, 1915; Concord Normal School, 1914-16; West Virginia University, 1918; Hinton Junior High School, 1917-21; Montgomery High School, 1921-22.

Many of us knew Miss Graham as a teacher when we were in the Junior High. When she came to high school this year we felt that luck had been very generous with us for she is not only a splendid teacher but a fine friend.

V. J. LOVE

SCIENCE AND ATHLETICS

Kenbridge (Va.) High School, 1916; A. B. William and Mary College, 1920; University of Virginia, 1922; Teacher in Chuckatuck, Va., 1920-21; East Stone Gap, Va., 1921-23.

This is Mr. Love's first year with us but he has certainly lived up to his name in our affections. He has worked hard and well on both the athletic field and in the class room. He is a good coach and a good teacher.

MISS GRACE SPROULL

FRENCH

West Union (Ohio) High School, 1918; A. B. Miami University, 1922; Phi Beta Kappa honorary fraternity, Miami; Franco-American Exchange Fellowship Student at Ecole Normale de St. Germain and the University of Paris, France, 1923; Teacher of French, Hinton High School, 1923-24.

Under the efficient and popular instruction of Miss Sproull, French has become more popular than ever in H. H. S. It is hard to believe that this is her first year as a teacher because she teaches like she has had years of experience.

MISS MARY A. STROTHER

ENGLISH

Cynthiana (Ky.) High School, 1918; A. B. Kentucky Wesleyan College, 1922; Graduate Student Columbia University, 1923; Teacher in Bellevue (Ky.) High School, 1922-23; Hinton High School, 1923.

Miss Strother has not only proved to us that she can teach English but when called upon she immediately turned into a first class mathematics teacher. Besides this, she is popular with everybody.

MRS. MARIE D. WILSON

NORMAL TRAINING

Bridgewater Academy (Va.) 1916; A. B. Bridgewater College, 1920; Graduate Student, Harrisonburg State Normal 1919 and Columbia University summers of 1920-23; Teacher in Whitwell Farm Life School, 1920-22; Coven High School, 1922-23; Hinton High School, 1923-24.

When she first came to us we learned to love her as Miss Dovel but our love spread to another gentleman in town and she became Mrs. Wilson. We think Mr. Wilson displayed mighty good judgment.

SENIORS

Class Officers

GEORGE PHILLIPS, *President*

As president of our class "Duck" has done much to make it a success. He is one of the greatest athletes to wear the Orange and Black, having excelled in basket ball, football and baseball.

EARL LILLY, *Vice President*

Hail our foremost poet! Not only his striking personality but his athletic ability make him one of the favorites of old H. H. S. Many side glances from the girls have been bestowed upon him but he is true to one. She is a little "Dutch" but Earl doesn't mind.

VIRGINIA BOWLING, *Secretary*

The Lilliputian of our class. She has been an office holder and a guiding hand in each of our four years in high school. Loved by her classmates and admired by everyone. Cheerful, a pleasant nature, and of marked forensic ability. She believes in "Get it at Rose's."

NORMA ALLEN

She is quiet because quietness goes with studiousness. She is among Miss Killian's few "A" students. Reliable and always ready to help. She is the archæologist of the class.

JOHN COBB

Originator of Cobb and Killian's Library for English students. We all believe English "exams" had something to do with his interest in the library.

RUTH BIGONY

Ruth came to us from the high school at Millersport, Ohio. Her unusual ability soon won a place for her in the activities of our class. She was the star in the Senior Play "Mother O' Mine."

PAULINE BOWLING

Known by all as "Polly." A little lass, demure, lovable and having a host of friends. She is an especial friend of "Toots."

JUREN DONOVAN

No one has taken more interest in the success of our class than "Windy." He is ready to help in any undertaking and what he does he does well. He will have money to lend to us all some day.

GERTRUDE CARMAN

A striking brunette. Her lovely disposition has made her many friends. Her little bungalow will be complete when she gets the "Hall."

ESTELLE CHARLTON

Estelle lives out of town and has had difficulty in getting to school but her perseverance has been well rewarded for her record has been a splendid one. She is a good student, a hard worker and one of the promising members of our class.

CLEMEN ELLISON

Always whistling and of a serene disposition, he has been well named "Whistle." He is the smallest boy in our class in stature but not in accomplishment.

ELVA DELUNG

One could almost say she was tall and serious looking, but we know her only as jolly and cheerful with a host of friends. She doesn't like to be called "Country" and is happiest when wearing a "Bradley" sweater.

GEORGIA FRAZIER

Georgia is the kind of girl that never talks much and is always friendly and smiling. We think "Ikey" occupies most of her time and thought.

JAMES FORD

James is the Physics "shark." Industrious and bright, he is foremost in his classes. He is also an ardent supporter and participant in athletics.

HALLIE GRIMMETT

This young lady has a quiet and studious manner which does not in the least let you know of the unusual ability she possesses. As a debater in the literary contests she proved herself quite talented.

ELIZABETH HARPER

A lover of parties and socials "Libby" has entertained many students at her home where we all had delightful times. She is another one of our Seniors who is wanting a "Hall."

GARNET GARDNER

The wit of our class. Nothing would be complete without "Skinny." Full of mischief and pranks he is yet shy of the fair sex.

MARGUERITTE HAYES

"Jewie" is the life of our parties and socials. No one has her beaten at playing the piano. She was leading chorus girl in "Mother O' Mine." She aspires to be a great dancer and we wish her success.

VIOLET HARRIS

Modest and shy, just like a "violet." She is never "blue" and smiles with everyone. Violet is one of the flowers of our class and we admire "Duck's" choice.

RALPH GRIMMETT

Ralph is an earnest student who is a delight to his teachers. Our confidence in his ability and judgment was well displayed when we elected him as the Editor-in-Chief of THE DART.

ANNA HEDRICK

Tall and fair, quiet and friendly. She is quick to make friends and slow to lose them. She has been most efficient in keeping the annual record book.

CLARICE HEDRICK

Clarice is always prepared for recitations. She is a student who takes time to study and makes time to play. Quiet and reserved in disposition, but friendly and warm-hearted.

JACK HAYES

Jack is very studious when there are no girls around, but they are all wise to him, because he prefers school teachers.

LILLIAN HELMS

The fairest of blondes. She has captivated many a heart. She carried off high honors for talent displayed in her character part in the Senior Play, "Mother O' Mine." Her greatest hope is that some day Iowa will be closer to West Virginia.

LOLA JOHNSON

Small in size, but size does not count for everything. While most high school girls are getting their beauty sleep, she burns the midnight oil. Success will surely crown her efforts.

HUGH JOHNSON

Hugh is quiet, but when he gets his grade card, we can all see the result of it with his many A's and B's. May one so devoted to his task achieve success.

REBA LIGHT

The honor student of the Senior Class. No grades under A and B which evidently goes to show that she burns the midnight oil. Those who fall under the spell of her brown eyes are forever doomed.

ESTHER LILLY

Esther does not talk, but acts, and the result of action is seen in the way she masters her subjects and the average of her grades.

DAVID C. LIGHT

David has only been with us one year, but his genial nature has won him many friends. He is very studious and the class feels that they have profited by his being with us.

MARIE LIPSCOMB

Roguish, brown-eyed, dimpled. Boys beware! Many are numbered among her victims. They say she is heartless, but those who know her and have not fallen victims to her charms, know her to be warm-hearted and a real pal.

CORA LITSINGER

Look at her shoot! This is the cry you hear at the basket ball games. For three years she has defended the orange and black, and in addition to being an excellent player has the record for the highest number of points scored.

CARL LILLY

We call him "specs," but he doesn't mind because they add to his dignified and studious looks. Looks are deceiving and he is as jolly as any of us.

HALLIE MARTIN

You may not believe it but it's the truth, that she declares herself to be a man hater, but we have our serious doubts about this. A pal to everyone and everyone her friend.

EDITH MILLER

She hails from "Ole Virginny," and with her comes the Southern dialect. She played the part of an old maid in our Senior Play, but in school she is anything else. A fine girl, a fine student, and a fine friend.

JACK McCLUNG

"Deacon" is the musician of the class. He excels with the violin and is a member of the High School orchestra. His ambition is to be a great singer.

LORENA O'CONNOR

A true, faithful and loyal friend. "Rener" is welcomed everywhere and her good nature bespeaks of the Irish. Her only worry is that each day she wishes to be "Waid."

ANNA MARIE PECK

"Pruny" is a star on the basket ball team. She is rather short but all there when it comes to good times. A merry laugh followed by dimples is sure to be her's. She likes Hinton, but "Montgomery" better.

THEODORE MARTUFI

"Tedo" is small in stature but this did not hinder him from making the football and basket ball teams. He has been a steady and consistent athlete for three years.

EVELYN PEACO

Popular with all, Evelyn is welcomed at every party and entertainment. She has achieved distinction for her feats on the piano.

CASSIE POTEET

Here is a girl who is a real student. Cassie makes her A's especially in Chemistry. We wonder why? She knows just when to work and when to play.

ANDREW WALLACE

"Andy" hails from Talcott, West Virginia. He is the original joker of the class. Anyone with the "blues" always looks for "Andy" to dispel them.

FAWN ROGERS

For three years "Benny" has shown her ability as guard on the basket ball team. At school she is equally competent in her classes. We think she is experimenting with "love."

PAULINE SCOTT

Pauline Scott came from Talcott four years ago to join our class and she has been a valuable addition. She has endeared herself to her many friends by her kind and gentle disposition.

EDWARD WEBER

Always popular among the girls which earned for him the title of "Shiek." He was captain of the 1923 football team and was also a regular on the basket ball team.

LILLIAN SELDOMRIDGE

Full of fun and mischief—that is "Petunia." As a comedienne in the last two Senior plays she was a great success. A model student, she is loved by teachers and students alike.

MILLIE WALKER

"Bridge" doesn't like to walk to school for she has someone with whom she would rather ride in a "Dodge." She wants to be a teacher and we are betting on her making a good one.

LEONARD MEADOR

Prominent in football and a lover of outdoor sports. In school he is the high grade student among the boys. Feminine wiles do not affect Leonard as he offers no encouragement.

MARGUERITE STARBUCK

Bright, witty and cheerful, "Marge" helped to lessen the monotony of many a dreary school day. She never worried over lessons for she was always prepared.

KATHRYN WICKER

Red hair usually denotes high temper but not so with "Kat." Always smiling, she is as jolly as one can be. She is seldom ill but always wants the "Doc."

JESSE WISE

So tall that he has decided it is hopeless to "settle down." Fun-loving and full of mischief he is a problem to his teachers who like him nevertheless. He is still looking for his affinity.

NEVA WISEMAN

Neva attends faithfully to her classes and school work. Her happy and cheerful disposition has won her a host of friends. She is also one of the orators of the class.

MELVINA WYANT

"Big Ben's" home is at Big Bend, W. Va. She has played basket ball for three successive years and is captain of the 1923 team. Her brilliant playing often decided the result of the games in our favor.

Normal Department Seniors

MAYCLE CALLAHAM

One of the most industrious girls of the class is our vice president. Her talents are many and well developed. In her opinion nothing is worth doing that cannot be done well. Maycle is planning to be a "school ma'm," and we are certain that she will be a great success in her chosen profession.

HESTER DOYLE

Hester is a student who is a constant delight to her teachers. She is one of the most efficient members of our class, so we chose her for our secretary. In this role and also as a model teacher she has not been excelled.

MILDRED MASTIN

Our president is sometimes seen with a frown wrinkling her forehead, but this does not mean that she is not one of the jolliest girls of our class. Mil is always ready to help us in any worthy undertaking. She loves children and we are sure she will make a successful teacher especially if she teaches in the "Coal" regions.

Normal Department Seniors

MYRTLE SURBER

We knew that Myrtle was fond of school teachers, so were not surprised when she took the Normal course. We have watched her do practice teaching and know that some day a frowsy, tow-headed bunch of graded school pupils are going to have a teacher with whom they will all fall in love.

ELREA SIMMS

Elrea is a very quiet girl, but when you meet her on the street or in the classroom she always greets you with that familiar, friendly smile. She is an enthusiastic member of our class and is always willing to help. We are sure that she will not always be an "old maid" school teacher but will sail on smoother "seas."

IRENE TAYLOR

Irene's pleasant, sociable disposition causes her to be loved by all her associates. She is the artist of our class and on the bluest days we feel cheered by looking at her sketches, and often feel flattered when we see our own likeness. We know she will make a very successful teacher.

Normal Department Seniors

MRS. MYRTLE GAUJOT

Mrs. Gaujot is now teaching at Winding Gulf, West Virginia, and we believe that none better could be found to guide the younger generation through the paths of knowledge. She will receive her Normal diploma with us.

ELOISE TRENT

"Shorty" is teaching at Bud, West Virginia and is very, very successful. Although not here to be with us, she often sends us her best wishes and we are proud of the fact that such a successful school "marm" will graduate with us.

FAYE TURNER

Without doubt our treasurer is an exceptional girl. Her school days in Hinton are nearly over, but she will always be remembered, and who knows but what she will soon be one of the popular teachers in our school. At any rate we know that wherever she may be, she will be a splendid teacher.

Senior Class Will

We, the Seniors of Hinton High School, being of sound mind and memory and mindful of life's uncertainty do hereby make, publish, and declare this our last will and testament, thereby making all previous wills null and void.

FIRST—We do hereby bequeath to our principal, Mr. Arnold, the Faculty and the Ku Klux Klan our thanks and our highest esteem and appreciation for making our Senior year a great success.

SECOND—We hereby bequeath and will to the Junior Class our "Killian and Cobb" Library, hoping that it will prove to be of inestimable value, and be a source of inspiration in their work next year; this privilege being made possible by Miss Killian and John.

To the Sophomore Class we leave all our old texts, with all the work gained thereof, by us in burning the midnight oil. To the Freshman Class we leave our ability to make the teachers love and respect us so that they may record many A's in their list of grades. To the Student Body we will and bequeath our well-beaten path to High School success.

THIRD—To Mr. Arnold we can only will our grateful thanks for his kindness and guidance, and hoping that he will "forget-us-not," and to Mr. Tomkies we will a "straight" bow tie, as one will be of great use to him.

To Mr. Taylor we will and bequeath Shakespeare's latest play: "How to Tame Wild Women." To Miss Killian we will the keys to the fire escape, hoping that she will enjoy many slides. To Mr. Love, the High School co'eds as laboratory material to be used in making love. To Misses Noel, Sproul, Strother, and Withrow we will the right hand window in Rose's. To Mr. Collins we will a choice seat in the "Baldheaded Row" at the Masonic Theatre, for use at all the big shows. We will and bequeath to Mrs. Arnold our love for Mr. Arnold, hoping that she will bestow the same freely upon him. To Miss Neel we leave our aprons for use in "Graham's Kitchenette." To Miss Carrie Graham we will our art of "preserving" peaches. And finally to Mrs. Wilson we will and bequeath our appreciation for her helpful guidance as one of the advisors of our class.

FOURTH—We hereby nominate and appoint THE DART to execute the above said wishes.

In witness whereof, we have herewith set our hands and affixed our seals at Hinton, in the State of West Virginia, this the 30th day of May 1924.

THE SENIOR CLASS.

Signed, sealed and declared by the testator THE DART as and for our last will and testament, in our presence and in their presence, and in the presence of each other and at our request did sign our names at the end hereof as duly declared witnesses.

(Signed) MARIE LIPSCOMB.
LORENA O'CONNER.
GARNET GARDNER.

Senior Class History

Hearken! Ye underclassmen, faculty and good citizens of Hinton, W. Va., while I impress upon your minds, the history of a noble class, the big, strong, healthy and wise class of 1924.

In the beautiful autumn days of 1920, eighty-seven boys and girls gathered at Hinton High, after having been judged worthy in Junior High, to enter that higher realm, Hinton High School. They began their journey with ambition and as I write, their highest ambition is realized and they are Seniors.

The proverbial road of the new Freshie was traveled, with due ceremony we were enrolled, suffered the tortures of initiation, which unhappily, is now history in High School. Our sympathy goes out to the Freshie who never endured an initiation. Verily, they know not the joys they have missed. In our first year the officers elected to guide the destinies of our class were: Norma Walker, President; Sam Bess, Vice President; and Jack Hayes, Secretary and Treasurer.

The year rolled happily by, we studied hard, and at the same time enjoyed a number of social activities. When the roll of the faithful was called, we numbered among them and were now Sophomores.

The familiar peal of the school bell brought us together again the following September. Under the leadership of "Duck" Philips, our class assumed an active part in High School affairs. Our class advisors were Mrs. Knapp and Mr. Taylor, and under their supervision we enjoyed a splendid year, both intellectually and socially.

Our teachers knowing the splendid work of our class, gave us our passports into that happy realm known as Junior year. The Junior year seems to be the turning point of High School days, we have only to record that they were happy days. We were called upon to entertain our superiors, the Seniors, so with due form this interesting event was carried out at Willow Wood. Those who attended will long remember the event, it being one of the outstanding features of the year. Under the expert supervision of our advisors, Miss Burley, Mr. Taylor and Mr. Quisenberry, our Junior year came to an eventful close.

When we were called forth to our last and best year of work the following September, it was with a feeling of sadness that we journeyed to the High School. For, as we realize, the happiest days of our life would soon end.

As Seniors a new world was open to us to enter and explore. We felt with pride that we were the largest class of Seniors in the history of the High School.

Our classmate "Duck" Philips, having proved his ability in piloting our class through Sophomore days, was again called upon to lead us through Senior days. Earl Lilly was elected as Vice President and Virginia Bowling, Secretary and Treasurer.

The question of sponsors is one that confronts every Senior class. After due deliberation and much discussion, we selected the local organization of the Ku Klux Klan as our sponsors. To our satisfaction they accepted. We feel honored in having them act as our sponsors, standing as they do for Americanism, we feel and know that their influence will prove to be of great value to our class.

Red and white were chosen as the class colors. Our class advisors this year were Mrs. Wilson, Mr. Taylor and our principal, Mr. Arnold. Their valuable advice and guidance proved a stepping stone over the difficulties of Senior days.

The outstanding feature of the year was the Senior Play, "Mother O' Mine," which was a great success and certainly one of the best ever presented in Hinton. Our class was warmly commended on the quality of the play.

Among the events of Senior Year, were the usual number of parties and the banquet given in honor of the Senior class and faculty, by our sponsors.

Thus our Senior year passed, and we feel in leaving Hinton High School that we will never receive the friendliness, good and valuable advice, that we received there. And now as we leave the High School, it is with a feeling of sadness as we are to pass out never to return. We face the future with confidence and we know that our efforts in school will prove to be of great value in later life, so then as we face the future and join the honored ranks of the Alumni, may fate be kind to us and long may we be remembered in the halls of Alma Mater.

With heart and soul, wish us luck as we go out hand in hand seeking for that which is highest and noblest in life. To thee Alma Mater we salute, you have helped us over the roughest part of the way and we realize that the rest depends upon ourselves. To thee we say, farewell!

Senior Prophecy

HINTON, WEST VIRGINIA, March 22, 1935.

My dear Edith:

No doubt you are surprised at this letter, but I am fairly bursting with good news. I can actually tell you what everyone of the graduates of '24 are doing. I knew you would want to hear for although we are scattered over the continents we still take an interest in each other. Don't we?

Perhaps our greatest success is Juren Donovan, Congressman. His persistent arguing with Miss Sproull has no doubt been a great help in winning for him this honor. John Cobb is a successful minister in Cincinnati and he and his wife, Hallie M. Martin, have won many souls.

Virginia Bowling, reader; Jack McClung, baritone soloist; Lillian Seldomridge, humorist and Evelyn Peaco, pianist of the Redpath Lyceum Company visited Beckley last evening. They come to Hinton tonight. I expect to renew old acquaintances. A few of the girls are teaching, Reba Light in New Orleans; Millie Walker over at the Madam Creek School; and Hallie Grimmet in the High School. You know Hallie was always a studious girl.

You perhaps read of the sumptuous wedding of Georgia to "her man of the golden locks," of course. Oh yes, it was a double wedding, Lorena and John included.

When in Richmond Christmas I visited John Marshall and there found Melvina Wyant as basket ball coach. She told me she had been there for three years and her salary was \$8,000 per. No wonder she liked it. "I'll take you through the building," she told me, and of course I was glad to go. The first room was a big airy place fully twice as large as our old study hall and to my surprise at the desk sat Lillian Helms, the mathematics teacher. She certainly knows Geometry now. I then went to the manual training room where I was shocked once more—Clem Ellison as teacher. By this you know John Marshall is careful who is selected to teach in the school. On Saturday we motored to the golf club where I met Jack Hayes and Leonard Meador, rivals for the National Championship which was being played off at that time.

I came home on Sunday and at Gordonsville a new conductor came on. He smiled pleasantly and I gasped "Skinny Gardner"—but not skinny any longer. He is actually fat, my dear, can you believe me? At home I found a letter awaiting me. It proved to be an invitation to the Commencement Exercises at Richmond Medical College, from Jim Ford. I am glad, for Jim never talked of anything else.

Last evening Lola Johnson, our head sales lady now at Plumley-Hulme, called me to tell me to be sure and notice the sale advertisements in the *Charleston Gazette*. She was always great on bargains.

Oh yes! Pauline and Elva have gone into business together. I was taking tea with Gertrude last evening there. She told me that "Horney" Weber and Earl Lilly will graduate from Davis School of Electrical Engineering this June. Gertrude lives in Baltimore as Dr. Hall has his work there. His head nurse is Fawn Rogers, she says, and a mighty good one. Her broken heart caused by "Love" has been healed, I guess.

"Kat" Wicker and "Jewie" Hayes have gone to France to study voice. They say "Jewie" is perfectly wonderful.

"Pruny" Peck has been giving lectures on "How I Lost 30 Lbs. in 15 Days." I saw her recently in Huntington and she does not practice what she preaches.

Ralph Grimmet and David Light are promising young lawyers in Columbus, Ohio. They say Ralph is fine on divorce cases. Theodore Martufi has a grocery on the corner of 6th and Temple. You can depend on Martufi's for bananas.

Estelle Charlton is still at home but she told me she was seriously thinking of going to commercial school in Charleston. I think she will be better satisfied there. Cora Litsinger or better known as "Peach" is a kindergarten teacher at Charleston. She wrote me recently that she feared a nervous breakdown, as her patience was sometimes sorely tried.

Marguerite Starbuck is in Philadelphia as John Wanamaker, Jr.'s private stenographer. She says Mr. Wanamaker is very nice. You know Marguerite. Ha! Ha!

Andrew Wallace has taken up farming. He won a \$5,000 prize on his manuscript on "Methods of Farming" and he has taken Hugh Johnson as partner. They are going to prove that corn can be grown on bare rocks.

Anna and Clarice Hedrick are sales ladies for Palm Olive Soap Co. They represent "A Skin You Love to Touch."

Two weeks ago I went to Huntington to shop. The Hinton stores have not reduced their prices very much in the last few years. I visited stores until very tired, when Neva Wiseman, who had accompanied me, (she has opened a hat shop and was with me buying new materials) said, "Let's go to the Opera. I hear it's a good program this afternoon." I was tired but I consented and we went to get the tickets. "Two please," said Neva, and when she looked up we both burst out laughing, for Carl Lilly was the "man at the booth." He said his salary was \$7.00 per and a ticket to the matinee every afternoon, and he considered that better than gathering garbage as he formerly had done in Hinton. We went into the theatre and patiently waited for the curtain to rise. The first number was a vocal solo by Mademoiselle Normæ Allenæ, the great French prima donna. With a gasp of astonishment I recognized Norma Allen. Norma always declared she was French, didn't she?

The next act was a world known magician. The Oh's and Ah's as he performed his tricks could be heard all over the room. I whispered to Neva, "Jesse Wise. He always could make something out of nothing, couldn't he?"

Immediately afterwards a beautiful dancer flitted across the stage. I know my face was a picture of surprise for at once I recognized Marie Lipscomb. Here, all in one company, I had seen four of my old classmates.

I think I've told you about all of them and yet no, I haven't. I almost forgot Cassie Potet who is teaching Latin in the High School. All the pupils declare she is a second Mrs. Arnold.

Esther Lilly, or rather Mrs. Somebody, I never have learned her husband's name, and Pauline Scott are running a boarding house on Temple Street. All the H. H. S. teachers board there now for they both are famous cooks.

And last, but not least is, I know, to you a surprise. It certainly was to me. Violet and "Duck" have definitely broken off their engagement. "Duck" is playing baseball with a New York team and Violet is attending school at Marshall College. I suppose it was a foolish lovers' quarrel and perhaps isn't as bad as it seems. I hope that everything will come out all right.

I am still at my old job, a C and O stenographer. I am making good money but I've almost made up my mind to take a course in nursing at Johns Hopkins.

Well, Edith dear, I must close as I still have some typewriting to finish. I hope you are as much in love with your work now as you were three years ago when I heard from you last. Your sister told me you had fifty-four little French children to teach. Is that right? I know you will get along fine for you were certainly born a teacher.

Write soon, even if you haven't much news to tell me, but at least you can tell about yourself.

Lovingly, your old classmate,

RUTH BIGONY.

JUNIOR CLASS

Junior Class History

Our class was organized in September of the year 1921. We elected as our President, Chalmers Cale; as Vice President, Robert Murrell; as Secretary and Treasurer, Sam Bess.

As was always our luck we arrived in High School just a year too early to get the usual banquet and public celebration which is now given to the 8th grade graduates, and just in time to get hazed, which delightful pastime for the upper classmen was forbidden in the following year.

Although we lost several of our classmates, we gained new ones, and our Sophomore year was more successful than our first. Our former Secretary and Treasurer, Sam Bess, served faithfully as our President, with Margaret Miller as Vice President, and Overt Halloran as Secretary and Treasurer.

In this year our greenness had entirely disappeared, and we began to feel that we were an important part of High School. Our class gave several parties which were greatly enjoyed by all the High School, for truly we were now a part of them instead of a separate branch of greenness.

Our Junior year has been the most successful one of all. With Overt Halloran, as our President, Dorothy Gardner as Vice President, and Nellie Cundiff as Secretary and Treasurer, one will not wonder that we are such a jolly band of Juniors. Also the high and dignified position of publishing the High School paper falls to the Junior class each successive year, and has already proved to be a great success.

At this writing, the Junior-Senior party has not been given, but it promises to be an elaborate affair, and to compare favorably with those of former years.

We also have the day of days—the annual High School Picnic to look forward to, and as we have only one more year in dear old H. H. S., we are going to do all in our power to make it a great success and a day long to be remembered by all who attend.

We greatly appreciate the good work of our class advisors, Miss Withrow, Mrs. Arnold, and Mr. Love. The whole class heartily thanks them for their patience with us.

Now as the year comes rapidly to a close, and the days to be spent in Hinton High School are few, we have hopes of accomplishing more in the future than we have in the past.

SOPHOMORE CLASS

Sophomore Class History

On September the fourth in the year 1922, forty-two boys and girls ran gaily up the steps of Hinton High School, feeling as we imagine Columbus felt when he entered the new world.

Later the ringing of the bells summoned us forth to our new duties. Under the efficient leadership of our class advisors, Miss Nell Neel, Miss Pearl Noel, and Mr. D. F. Collins, we organized our class, choosing for our leaders, Karl Wilson, President; Katherine McNeer, Vice President; Newman Faulconer, Secretary and Treasurer. We chose as our class motto: "Green But Growing," which was very appropriate. Our class colors were yellow and green, and our flower the yellow chrysanthemum.

Our social life began with a rush. We had a number of parties, each proving a success because of the interest of the class and supervision of our attentive class advisors.

At mid-year, we were joined by thirty new members from Junior High. These proved worth while additions to our class. The new members made our class stronger and helped make our year a more or less eventful one.

It has long been a saying in High School, that Freshies were "know-nothings," but our class proved the falsity of this statement, when one of our number won first place in the Oratorical Contest.

The following September we assembled again at Hinton High School. We came not as inexperienced Freshmen, but as self-important Sophomores. Our class advisors this year were M'ss Strother, Miss Neel, and Mr. Collins. Soon after our class was organized, we gave the supreme authority to Melton Bean as President, Valeria Scott as Vice President, Ola Frazier as Secretary and Treasurer. Our colors were gold and blue and our emblem, the blue violet. We chose as our motto, "*Non scholæ sed vitæ discimus.*"

Among the events of our Sophomore year was a hike to Keatly's Springs, and several enjoyable parties. One of our best parties was the one held at the Rotary Hall on the eighth of February.

Now as the year draws to a close, we hope to be no longer plodding Sophomores, but jubilant Juniors.

FRESHMAN CLASS, SECTION "A"

FRESHMAN CLASS, SECTION "B"

Summer Term, 1923

The Hinton High School is one of the few West Virginia high schools having a summer term. This was conducted for the first time last summer under the supervision of the New River State School. The session began on May 28 and closed July 6.

A total of 113 students enrolled of which number 107 completed the courses. The schedule was divided into four periods, starting at 8 o'clock in the morning and continuing until 12 noon. One-fourth of a unit of high school credit was allowed for each course taken for the entire six weeks. For the normal training students, two hours credit was allowed for each course successfully completed. The tuition was exceedingly reasonable being only \$6.00 for the six weeks term.

Courses offered were Educational Sociology, Special Methods, History of Education, American Literature, Civics, Business English, Arithmetic, English Grammar, School Hygiene, Rural Sociology, School Management, Economics, Physical Geography, Typewriting, Shorthand and Bookkeeping.

Review of Football Season

The football season of 1923 might well be termed the "hard luck" year in so far as our football team was concerned. In the first place the successful team of 1922 was broken to pieces by graduation of a majority of the players which made it necessary for Coach Love to build up a machine out of green material. The Goddess of Bad Luck not being satisfied with this one handicap, gave us another jolt when Harford and Meador, two of the best men we had, received broken legs in the first two games.

However, as an indication of what our season might have been, we gave the Huntington High the scare of their lives in the season's opener at Huntington. With our full strength ready and primed for a fight, Hinton held the State champions to a draw until the last half when the advantage of substitutes turned the tide in Huntington's favor and we won "victory in defeat" by holding the champions to a 14-0 score.

Although somewhat discouraged by the fact that Leonard Meador was out for the rest of the season, due to injuries received in the first game, the team showed their spirit by giving Allegheny Collegiate Institute a beating to the tune of 34-0. This victory was costly, however, as Harford, the giant of our team, had a leg broken.

These accidents, together with other injuries of less importance, caused a slump which resulted in our losing the next four games. Among these was the one with our ancient rivals—Beckley. Though crippled, our team fought to a standstill and Beckley was fortunate to get over one lone touchdown which gave them the game 6-0.

This game marked a turn in the tide of events, for after the Beckley battle our team began to hit their stride and on the next Saturday romped over Mount Hope 22-0.

On Thanksgiving Day, the Athens High School paid us a visit and in spite of a sea of mud and a deluge of rain, we put on the closest game of the season. Athens brought a more powerful eleven than had been anticipated, but Hinton had a little the better of it by gaining more consistently throughout the game, but neither team was able to score.

Coach Love faced a most discouraging task when he started in to build up a machine out of the raw material which reported to him at the beginning of the season, but by hard work he laid the groundwork for a winning aggregation which we are sure will materialize in the team of 1924.

Getting off to a good start by winning two out of the first three games, Hinton High should have finished the season with a margin of victories over her opponents. Falling into a slump after the injury to "Duck" Phillips which kept him out of the game for a while, the players never recovered the form and brand of ball seen in the earlier games.

The season ended with a record of three games won out of the ten played. This bad record is helped somewhat by the fact that of the games lost, four were closely contested as Hinton came within seven or less points of winning in each of these games.

There were a number of "hard luck" games played. In the past it has been seldom that the gold and black has been beaten on their own floor but this year saw this precedent broken as A. C. I. was victor in the final home game by the score of 30 to 27. Hinton had held the lead throughout most of this game but were nosed out in the last few minutes of play.

Members of the team who will graduate this year are Phillips, Weber and Lilly.

The girls' basket ball season of 1923-24 started off with vim and enthusiasm. The floor was crowded each afternoon with players out for practice. The old players were not at all sure of holding their positions on the team as the new candidates showed splendid ability. After everyone had been given a chance and by hard work "Sheriff" Cundiff, "Peach" Litsinger, "Big Ben" Wyant, "Benny" Rogers and "Sis" Bess were selected for the first team. The substitutes were "Pruny" Peck, "Bab" Miller and "Peg" Bigony.

Cundiff and Litsinger at forwards did some unusually fine team work with Nellie on the line and Litsinger at the basket. This combination made trouble for all opposing guards. Melvina Wyant towering in the rafters, tapped nearly every ball Hintonward while Reba Bess and Fawn Rogers were always on the job, their stickability making it hard for all opposing forwards. The subs did their part whenever called upon and the team was never greatly weakened when any one of them was put into the game.

During the season the team was victor in seven games and lost four. This is an unusual record when the caliber of the opponents is taken into consideration.

On Friday, March 7, the girls left on No. 3 for the New River Valley Tournament which was held at Montgomery. There were five teams present. Hinton drew to play Fayetteville first and won by a score of 19 to 7. Their next match was with Oak Hill and it was in this game that the local girls displayed the kind of ball they could play. The team work was excellent and the girls' fast work scored 25 points while holding Oak Hill to 13. This victory brought them to the finals with Montgomery. After a hard game in which hard luck featured, Montgomery won 31 to 12. As Hinton came out in second place each girl received a silver loving cup. When the first and second All-Tournament teams were picked, Hinton was honored by Nellie Cundiff being chosen as the best forward and Melvina Wyant was picked for second team center.

It would be hard to give all the credit due to our coach Miss Lulu Withrow, who by her faithful work and marked ability has built up a winning team for us in the two years she has been here.

MOTTO: "All for Hinton High School."

Practically all the girls in the Normal class are recent graduates, so we still feel a part of the High School. When we returned this September to learn the dignified art of "Old Maid" school teaching, we day by day began to learn the principles of "readin', writin', 'rithmetic, taught to the tune of a hickory stick," under the supervision of Miss Eliza Goff.

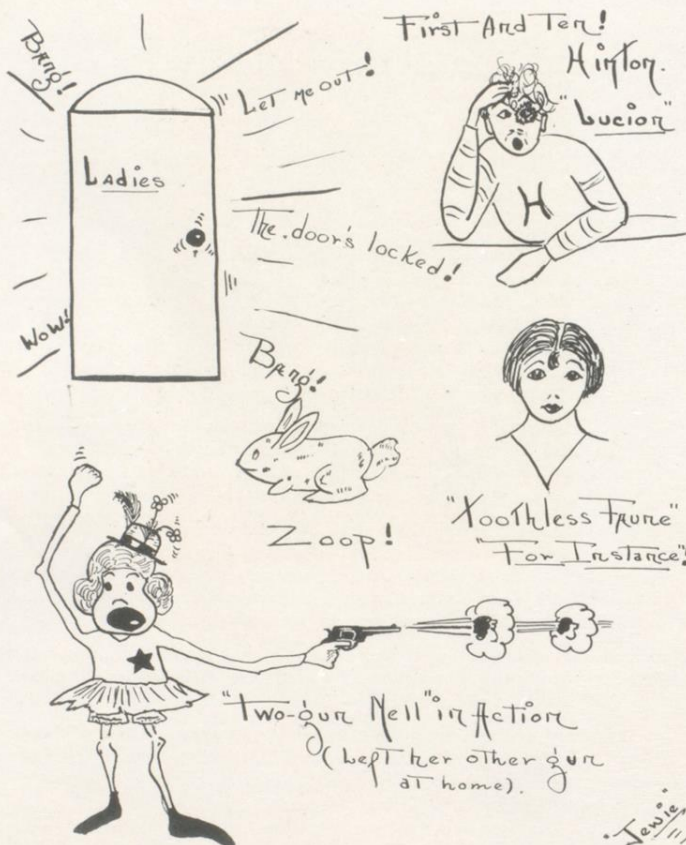

Our first disappointment came in January when our teacher, Miss Goff, resigned because of ill health. With the aid of Mrs. Marie Wilson, who had taught the Normal work at Cowan, W. Va., last year, we soon learned to love our work again and rapidly began to take on the polish of school marms.

We have been initiated into the stern realities of a teacher's life by observation and practice teaching—but even facing these already known hardships we unapologetically agreed that our ambition is teaching, and we look forward to the pleasure, difficulties and excitement that awaits the new teacher. Already two of our number, Mrs. Gaujot and Miss Eloise Trent are successful teachers this term.

Several social affairs of the year have been—hike to Rose's sign, supper party at Pence Springs, Christmas party at the home of Miss Millie Walker. We have a number of other events planned for Senior Week.

Now as we say goodbye to our dear old high school for the last time, of the good of the past we are proud; of the errors regretful, and of the future full of hope. Let us one and all go "Smiling Through" to that success which awaits each teacher as a result of work well done.

1924
The Dart

Literary Contestants

Hinton High School has always had a very creditable record in inter-scholastic literary contests and this year has been no exception. We have always had entries in each District Contest and have never failed to win one or more events, sending representatives to the State Contest at Morgantown.

The preliminary contest this year, while it did not attract a large number of entrants, produced some excellent material and uncovered some talent that promises to make some records in the future.

The winners in the preliminary contest were Dorothy Daly, Essay; Emma Dunlap, Oration; Jack McClung, Debate, and Marguerite Starbuck, Extemporaneous Speech. These persons went to the District Contest held at Alderson on March 28. Dorothy Daly easily won the Essay event while the others were beaten by a small margin. Dorothy Daly represented the Greenbrier District in the State Tournament at Morgantown and won over all other contestants from other sections of the State. The school is very proud of Dorothy and glories with her in the victory.

Mr. D. F. Collins, who coached the participants, is due a great deal of credit as he has worked faithfully with them and has shown much skill in preparing contestants to meet the strongest opposition on the platform.

The Hinton High School Letter Club

The Hinton High School Letter Club is an organization whose membership is made up exclusively of persons who have received the "H" for meritorious service in football, basket ball, baseball, track and literary work.

The club was organized December 5, 1920, and has had a steady growth since that time. There have been over sixty members since its organization. Each year the club holds a banquet, at which time new members are received and additional awards given for athletic or literary service. The banquet was held this year in the Methodist Church, on Friday evening, April 4. Class number 12 of the Methodist Sunday School prepared a delicious lunch, after which speeches were made by F. H. Tomkies, Wm. E. Arnold, V. J. Love, Miss Lulu Withrow and several members of the club.

The financial report was presented by Mr. Arnold, which showed that the season had been a success financially as all expenses had been paid and a small sum left in the treasury. This was made possible, however, by the generosity of many of the people in town who bought season tickets and by the fact that many of the members of the various teams were able to travel on railroad passes. If it had not been for these things the gate receipts for the games would not have paid the expenses of the season.

The method of presenting awards is of interest. The first award presented to a new member is a beautiful orange colored felt "H." When a member has earned a second letter he is presented with an "H" mounted on a background of black. The third award is a monogram with the letters H. H. S. The fourth has a circle around the monogram, the fifth a bar beneath the monogram and an additional bar for each award thereafter. The highest award ever given was that presented to John Faulconer in 1923 when he was given three bars. This year George Phillips earned two bars.

The members of the club at present are:

Reba Bess	Clarence Hall	Delbert Noel
Ruth Bigony	Jack Hayes	George Phillips
Clyde Burk	Wayne Hughes	Roy Pollock
Virginia Bowling	Harlow Keffer	Fawn Rogers
John Cobb	Earl Lilly	Marguerite Starbuck
Nellie Cundiff	Jack McClung	Melvina Wyant
Dorothy Daly	Cora Litsinger	Edward Weber
Emma Dunlap	Theodore Martufi	Raymond Willey
Hallie Grimmett	Leonard Meador

Our Big Brother Jim*

Jovial Jim, we all loved him,
A goodly pal was he;
A coach unpaid, how well we played
When Jim was referee.

He knew the game, won football fame
At Washington and Lee;
Big Captain Jim had power and vim;
A football giant was he.

An umpire true, no favorites knew,
A fearless soul and just;
Our honest Jim was stern and grim
When he should be, and must.

We loved him well as all will tell,
Our friendly, jolly Jim;
He helped us play the brave right way;
And that's our word of him.

*Written for the boys of the Athletic Association of the Hinton High School by Reverend J. Herbert Bean, as their tribute to the memory of James Henry Miller, Jr., whose untimely death they greatly mourn.

Miss Peck licked Juren Donovan every day?
We chewed gum in Miss Killian's English class?
Our first day in High School?
"Cowboy" Duncan was with us?
We scattered "red devils" on the floor in high school?

EIGHTH GRADE GRADUATES 1923

Senior Play

The Senior Play, "Mother Mine," given by the Class of '24 on November 22, has by far exceeded all the other plays given by local high school students.

Mrs. Marie Dovel Wilson after a consultation with a play committee, selected "Mother Mine", by Gladys R. Bridgeham, the former having had experience in direction of this play in other high schools of our state.

Miss Margaret L. Nicely was made director of the chorus, everyone knowing her ability in such work, her talent having been shown by former work on the preceding play with much success.

The tryout for the play was given two nights before regular play practice began, which was October 22, 1923. Every Senior seemed very much enthused over the coming event, so there was a hundred per cent attendance for the first tryout.

Then on Thursday, November 22, the curtain rose on "Mother Mine," complete and perfect, made so by hard work and co-operation on the part of seniors and coaches.

No praise or thanks that we could offer could possibly be too high or good enough for the two directors. The class as a whole felt highly honored in obtaining Mrs. Wilson and Miss Nicely.

The cast in order of their appearance was as follows:

Cynthia Whitcomb, <i>The Deacon's Wife</i>	HALLIE MARTIN
Miranda Peasley, <i>"Mother Mine"</i>	RUTH BIGONY
Martha Tisdale, <i>A Neighbor</i>	ANNA MARIE PECK
Lettie Holcomb, <i>With a Nose for News</i>	EDITH MILLER
Lillian Whitcomb, <i>The Deacon's Daughter</i>	LILLIAN HELMS

Alumni

There is no better way to judge a school than by its alumni. The preparation it gives its students will be well demonstrated by the success they attain by means of that training. Hinton High School need not fear a comparison of its alumni with that of any other school. Success has been the achievement of the majority and there is hardly a one to be found of whom the school need be ashamed.

It is interesting to note that there have been over 360 graduates of the Hinton High School exclusive of the Normal Training Department of which there have been 76 graduates, making a total of 436 persons holding diplomas from this school.

It will be readily seen that this is too great a number to give items concerning each one so we have chosen at random members of various classes and have attempted to state briefly something about their present location and occupation.

CLASS OF 1923

Margaret Hill is a student at Harrisonburg Normal School.
Joseph Boland is reported to be making a fine record at Marshall College.
Eloise Womack has recently finished a business course at a school in Huntington.
Joe Bradley, Eleanor Wilson, Leonard Maloney, Elmore Vellines, Linville Halloran and Leonard Perry compose the '23 delegation at West Virginia University.

Anti-Grouch Page

ANTI-GROUCH PAGE

Doctor—"Put out your tongue, please. More than that—all of it."
Virginia B.—"Doctor, I can't. It's fastened at the other end."

Horney—"Can I see something cheap in a hat, please?"
Salesman—"Certainly. There's a glass. Just try any of them on."

"Lady, could you give me a quarter to get where me family is?"
"Certainly, my poor man. Here's a quarter. Where's your family?"
"At de movies."

Garnet—"Say that's a fast looking car you've got there. What's the most you can get out of it?"
Raymond—"Five times a mile."

Juren—"My father has George Washington's watch."
George—"That's nothing! My father has Adam's apple."

Jack, calling Earl—"Can't you come over tonight?"
Earl—"Oh, I can't. I'm washing my B. V. D's."

And just then the operator accommodatingly remarked—"I'm ringing them."

Miss Sproull—"That makes the third time you have looked at Ralph's paper."
Garnet—"Yes, I know, but Ralph doesn't write very well."

Mrs. Helms to her cook—"Mary, what a kitchen! Every pot, pan and dish is soiled. The table looks like the day after a cyclone. What have you been doing?"

Mary—"Well ma'am, blessed if it be my fault. The young ladies has jest been showing me how they bile a pertater at their cooking school."

From a theme written by a freshman on "My Family."
"In my family there are three of us, my father, mother and me. I am the youngest."

AT THE BARBER SHOP

Josh Fox—"You say you have been here before? I do not remember your face."
Mr. Love—"Oh it's all healed up now."

Mrs. Arnold—"Why are you late?"
Henry—"Class started before I got here."

Miss Withrow—"Frank, give me a sentence using the word 'diadem'.
Freshie—"People who drink moonshine diadem sight quicker than those who don't."

Miss Strother walked briskly into a store and dropped her bag on the counter. "Give me a chicken," she said.
"Do you want a pullet?" the shopkeeper asked.
"No," replied Miss Strother, "I wanta carry it."

Violet—"No George, I can never be more than a sister to you."
George—"Well, won't you kiss your brother goodnight?"

Mr. Taylor was giving his physics class a lecture on "Gravity." "Now," he said, "it is the law of gravity that holds us on this earth."

Overt—"But how did we stick on before that law was passed?"

Mr. Love (in biology)—"We will now name all the lower animals in their order, beginning with Harlow Keffer."

Miss Killian—"This is the last time I am going to ask you for that absence slip."

Clemen—"Thank goodness, that's the last of that foolish question."

Calendar

SEPTEMBER 10—School opens! 272 enroll in high school the first day.
SEPTEMBER 11—Half day session.
SEPTEMBER 12—School begins in earnest. It's hard to get down to work. We like the new teachers and the old ones too.

A High School Education Pays in Dollars and Cents

The best financial investment you can possibly make at fourteen is going to High School. It will pay you, and pay you liberally, in increased earning power. If you know a safe investment, if you can recognize a genuine bargain, if you can even begin to reason on finance, it is easy to prove to you that going to High School is the best investment you can make. The following figures are vouched for by the United States Bureau of Education. They are based upon the investigation of the earning power of a number of boys from various school classes at the age of twenty-five. At that age the boys who went to work at fourteen were earning on the average \$12.75 per week. The boys of these same classes who took a High School course were earning at the age of twenty-five \$31.00 per week.

Does It Pay?

We estimate forty years as the earning period of a man's life, that is, from the time he is twenty until he is sixty years old. Let us assume that the earning power remains absolutely the same after the age of twenty-five, and then counting fifty weeks to the year, the average boy that goes to work at fourteen will earn \$25,500 in a lifetime. The average boy with a High School education will earn \$62,000 in the same length of time. The time spent in securing a High School education is forty months. Forty months of High School study, then, will increase the earning power of the average boy \$36,000. If you are a boy of average ability, a High School course is worth \$45.00 per day or \$900.00 per month to you while you are going to school.

Does It Pay?

In this investigation of hundreds of boys, those who had gone through High School were earning by the time they were twenty-five years old \$900.00 more per year than the boys who went to work at fourteen. If this increased earning power were capitalized at five per cent, it would be equal to working capital of \$18,000 invested in their business.

Does It Pay?

The boys who went to work when they were fourteen had earned in all by the time they were twenty-five only \$5,112.50, while those who had taken the High School course had earned by the same time \$7,337.50. These boys who had spent four years in High School study earned over \$2,000 more each by the time they were twenty-five than the boys who began to earn money four years sooner.

Does It Pay?

Figures for girls will show a slight variation, but the same ratio of earning power. For a solid financial investment you can neither equal nor excel a High School education.

"The Care That Counts"

The finest tools in the world are of very little service value in the hands of an inexperienced operator.

A prescription is a fatal thing at times, unless it is prepared by a druggist of experience. Here we offer you the finest drugs that the world creates, the best in experience and knowledge, and the greatest of care that precludes possibility of mistake.

Any prescription that bears our label is of the finest quality destined to support the doctor's best work and give the patient the best results.

It certainly pays to bring prescriptions here.

We have filled two hundred and two thousand, seven hundred and twenty-seven. **Why? Ask your doctor.**

The Hinton Co-Operative Mercantile Company

Was organized July, 1919, for the purpose of giving the public the power to control prices. In the fifty-two months they have not only kept prices down, but have paid back to their members, in rebates and dividends, over \$28,500.00. The competition of this store has enabled every buyer in Hinton to save money on his purchases. When you have money to spend, spend it with your friends.

The Hinton Co-Operative Mercantile Company

The Store That Keeps Prices Down

U-Save-It

By dealing in the U-SAVE-IT Department of the Hinton Co-operative Mercantile Co., where you wait upon yourself, pay cash, and carry your purchases with you, you save a large part of the ordinary expenses of conducting the business.

It will pay you. Step inside the cleanest store you ever saw—check the prices—note the nationally known brands. Help yourself to what you want—pay as you go out—and take your purchases with you.
