## Proud of the results!

# **Project #16**

## **City of Hinton Railroad Museum**

### **First Floor Revitalization**

**This project was coordinated to upgrade the museum for its 25th Anniversary.**

**In February 2016, several Making A Difference volunteers gathered at the museum, removed everything from the walls, cleaned all of the wall pieces, cleaned and repaired the walls, removed the baseboards and insulated the bottom of the walls, replaced new baseboards, painted all of the walls, and remounted all of the wall pieces to their original settings. The City of Hinton maintenance crews helped us move, then replace, the heavy items. Mr. and Mrs. Pat Hanifin coordinated this project. We did this project in several stages and it was completed at the end of March 2016. The outcome is remarkable.**

**Many thanks to all of the volunteers who spent many hours restoring this important icon for the City of Hinton, West Virginia.**
