## **Restoring The Historic Diner Building**

### **Currently – Betty's Bargains**

**The Making a Difference (MAD) group, contracted efforts with Clinebell Services, to restore the outside areas of the Historic Diner Building. Ricky Clinebell, and his workers, Ronnie, Mike and Betty; pressure washed, scraped “old” paint, caulked, and painted the building exterior. As the pictures indicate, the group did a great job restoring the building, and we truly appreciate their efforts.**
