

PROJECT # 14

PAINTING THE OLD TAXI STAND IN HINTON 2015

“To exit, hit the “X” on your browser’s tab for this page.”

Painted lower side of building. Looks great!

Scaffolds and ladders make easy work of this project.

Diligent painters set the lettering.

MAD also repainted the window of the newspaper office.

Excellent teamwork on a beautiful day!

Panorama of the project...

Awesome view!

MAD Co=Founder Cotty Farley is happy with the results.

Our Small Band of Volunteers

On October 13-14, 2015, Making A Difference launched Project # 14. We repainted the lettering on the old Taxi Stand on lower 2nd Avenue in Hinton. This historic building is attached to the old Hinton Daily News. We repainted the window lettering at the newspaper, also. Currently, the Daily News building houses the "Hinton News", a weekly publication. The Taxi Stand building is now empty.

Just in time for this year's Railroad Days festival, this will make an excellent visual for the folks walking up from the train. Many thanks go to our volunteers, who diligently performed this tedious work.
