

Project # 3

Building a concrete multipurpose ramp at Bluestone Lake 2013

This ramp will be used as a judges platform for the annual hydroplane races.

“To exit, hit the “X” on your browser’s tab for this page.”

Setting anchor walls

Preparing the rebar and back wall...

Spreading base stone...

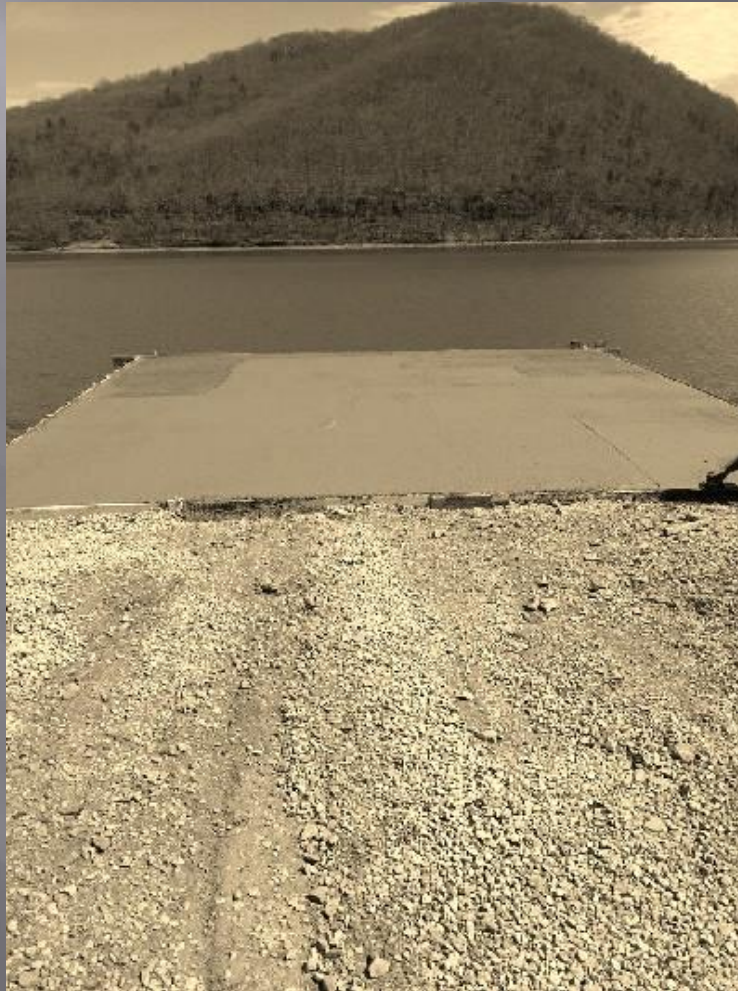

Starting to pour concrete...

Supervisor Farley on the job!!

Poured!

Completed!

- ▣ Many thanks to Brayman Construction and the workers from Bluestone Park System for helping us complete this much needed ramp!!
