Project #17

Painting the hallways and stairwells of Hinton Area Elementary School

The Making A Difference Group just completed this Project.

We painted the Hallways and Stairwells at Hinton Area Elementary. This project was completely contracted out with your generous donations. Jack Harvey Painting completed the job with a Red, White, and Blue theme. The students will have a fresh look when they return this fall.

Kudos to Jack Harvey and Gary Keaton, who completed this project, even during the massive flood of late June. We would highly recommend Jack Harvey Painting for any of your painting needs. They do great work!
